'The organization was great! The chair committee was very professional and friendly.

The organization was perfect with theme-sessions. I really appreciated panel discussion rather than one-to-one questions'

'Interesting and lot of new knowledge that I got, which will be beneficial to my continuing PhD studies'

``The conference was incredible, and was so informative. Coming from a research midwife who doesn't have that much scientific knowledge, I still found the presentations engaging and left me wanting to research the area more``

``Outstanding research topics and talks! Good opportunities to learn new aspects of the microbiome research.``

'Informative, well organized, friendly and easily accessible. Thank you!'
