

Speakers Highlights

Presenting Speaker Highlights from the World of Microbiome Conference

Get ready to for an exhilarating journey as brilliant minds in research, visionary clinicians, and forward-looking experts delve into the world of microbiome science. Together, they're pushing the boundaries of knowledge to unprecedented heights, promising an awe-inspiring experience like no other.

Hear directly from the WoM 2023 expert faculty what to expect at this year's Conference.

Nicola Segata
University of Trento, Italy

Metagenomics of the human microbiome: next steps and clinical applications

Closing Keynote Lecture

Date: Saturday, 28 October 2023

Time: 14:15 - 14:45

Personalisation and the human microbiome

Keynote Lecture

Date: Friday, 27 October 2023

Time: 17:00 - 17:30

Tim Spector

King's College London,
United Kingdom

Liza Konnikova

Yale University School of Medicine,
USA

x

The unique metabolome of the in utero human intestine

Session 2: Developmental programming of the microbiome

Date: Thursday, 26 October 2023

Time: 16:50 – 17:05

Conversations in the Womb: Role of the perinatal microbiome in maternal-fetal communication

Session 1: The maternal microbiome

Date: Thursday, 26 October 2023

Time: 14:20 – 15:55

Kjersti Aagaard

Baylor College of Medicine,
USA

×

Armin Rashidi

Fred Hutchinson
Cancer Center, USA

x

**A randomized double-blind phase 2 trial
of fecal microbiota transplantation
versus placebo in allogeneic
hematopoietic cell transplantation and
acute myeloid leukemia**

**Session 8: From bench to bedside - using microbiome in
clinical trials**

Date: Saturday, 28 October 2023

Time: 09:00 – 10:25

Gut microbiome into clinical practice

Session 8: From bench to bedside - using microbiome in clinical trials

Date: Saturday, 28 October 2023

Time: 09:00 – 10:25

Gianluca Ianaro

Università Cattolica
del Sacro Cuore, Italy

x
